

EXQUISITE SERIES

Beyond Imagination

GRAND EXQUISITE

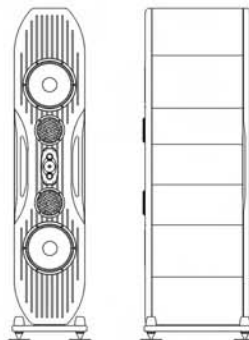

The grand Exquisite materializes the absolute end of the high-end in audio, using reality as a reference. This point source symmetrical designed loudspeaker embodies two 30 mm Diamonds placed around a 20 mm center Kharma diamond tweeter, two ceramic midrange-units and two Nomex-Kevlar subwoofer units placed in a huge multilayer cabinet.

The unique capacity of the Grand Exquisite is to portray musical recordings in their realistic size, not everything is made big as so many other big loudspeakers do, but acoustic sizes really match, a small piano with single voice will sound like the original, but so will a big orchestra sound with huge dimensions. All of that with utmost ease at every playing level.

The latest Kharma cable and crossover technologies have been applied to achieve a perfect acoustic picture using pure silver-gold wiring with many proprietary treatments of conductive parts. The cabinets are works of art in every way, from the use of perfect materials to construction and finish, all are exceptional.

The resistors are a development of Kharma and represent the ultimate in freedom from any graininess with negligible induction. The new Kharma Connectors, guarantee a negligible loss of information. The result of these new boundaries is the extended capability to deliver a musical emotional experience not yet known.

Technical Specifications

Type	EXQ-GR-1.0
System	Point Source Symmetrical System
HF Driver	2 x 30mm diamond concave 1 x 20mm diamond concave
Mid Driver	165 mm concave ceramic
Bass Driver	2 x 330 mm nomex-kevlar
R.M.S. Power	500 W
Dynamic Power	1000 W
Frequency Range	25-200k Hz
Efficiency 1W/1M/dB	93 dB
Maximum SPL	120dB (peakprogram)
Impedance	4 Ohm
Connection	Kharma Connector with bi-wiring/amping possibility

Dimensions	
Height (in)	80
Depth (in)	23
Width (in)	16
Weight per speaker (Kg)	440

Features

Specials internal cabinet treatment with advanced polymer.
Double silver/gold wiring for all units.
Available in any desired color.

Advised external cable:
Kharma Enigma Signature cable.
