

MS Active Subwoofer

A Subwoofer is an essential piece to any stereo system and the Mission MS Sub is the perfect choice. Mission MS Sub range offers a complete subwoofer solution, and is ideal for improving bass performance in any home cinema or stereo system.

Each model in the Mission MS Sub range incorporates a developed long-throw bass driver and an ultra fast balance-drive Class D power amplifier engineered to create a powerful response. Meanwhile a variable crossover frequency control provides seamless integration with other speakers in the system to produce extended subsonic with total precision and clarity.

The Mission MS Sub comes in three size options, MS 300, MS 400, and MS 800 and pairs seamlessly with the new Mission loudspeaker ranges.
